### Welcome

Welcome to Parent, Student, Teacher Interviews Term 3 2018

Open communication with your child's secondary school is especially important through the changes and challenges of the adolescent years. Schools and teachers, as well as support staff including counsellors, are in an excellent position to watch how your child is developing and learning.

The College provides an opportunity for parents/guardians to meet with their child's teacher twice per year to discuss their progress. Students are expected to attend the interviews with their parent/guardian. The date of PST Interviews is advertised on the home page of the College website, via email and through a letter home well in advance of the date.
